PROFESSIONAL SUMMARY

Software Developer with hands-on experience in Java (Spring Boot), JavaScript, REST API development, and relational databases (PostgreSQL, SQL Server). Currently working at the City of Medellín building and modernizing institutional web platforms, applying OOP principles, clean code practices, and agile methodologies. Experienced in the full software development lifecycle — from analysis and design through coding, testing, and deployment. Actively developing skills in reactive programming with Java, microservices architecture, and cloud infrastructure (AWS). Motivated to contribute high-quality, secure, and scalable solutions within collaborative engineering teams.

TECHNICAL SKILLS

Languages & Frameworks

Java 8+	Spring Boot	Reactive Java*	JavaScript	Node.js	HTML5	CSS3	Bootstrap
---------	-------------	----------------	------------	---------	-------	------	-----------

Databases & APIs

PostgreSQL	Aurora PgSQL*	SQL Server	REST APIs	BAPIs SAP	JDBC
------------	---------------	------------	-----------	-----------	------

Cloud, Architecture & Tools

AWS*	Microservices*	SAP Portal	SAP R/3	GitHub	SCRUM
------	----------------	------------	---------	--------	-------

* Familiar / currently learning

PROFESSIONAL EXPERIENCE

Software Developer | [Alcaldía de Medellín \(City of Medellín\)](#) · Feb 2025 – Present

- Developed and exposed REST APIs using Spring Boot for internal and external consumption, applying separation of concerns, error handling, and scalability best practices.
- Optimized PostgreSQL database queries and data models, improving response times on critical institutional modules.
- Participated in the full software development lifecycle: analysis, design, coding, testing, deployment, and stabilization of web applications.
- Consumed external REST APIs and SAP BAPIs to integrate back-end services into front-end interfaces using AJAX and jQuery.
- Applied OOP principles, clean code standards, and version control workflows (Git/GitHub) across multiple institutional projects.
- Provided technical support on SAP Portal processes and contributed to SAP R/3 back-end maintenance.
- Collaborated in an agile team using SCRUM: sprint planning, daily stand-ups, retrospectives, and collaborative code reviews.

IT Intern | [Glucky Group](#) · Feb 2022 – Nov 2022

- Operated and managed internal company platforms efficiently, ensuring timely and accurate data processing.
- Prepared detailed operational reports and periodic analytics to support strategic decision-making by management.
- Identified and implemented process improvements that increased team efficiency and overall quality of deliverables.

EDUCATION

B.Sc. Software Engineering *(In progress)*

Tecnológico de Antioquia (TDEA) · Jul 2022 – Present

Technology in Systems

Tecnológico de Antioquia (TDEA) · Jul 2022 – Aug 2025

Technical Degree in Systems

Tecnológico de Antioquia · Jul 2022 – Jul 2024

CERTIFICATIONS

Alura LATAM Final Certification – Alura LATAM / Next Education · Jan 2025

Covers Java, OOP, Spring Boot, databases and back-end development. View: [Certificate Link](#)

LANGUAGES

Spanish – Native

English – B2 Upper-Intermediate

Currently enrolled in formal English course (2025)

KEY COMPETENCIES

- Strong sense of ownership and accountability
- Collaborative team player in agile environments
- Self-driven learner and continuous improvement mindset
- Strong programming logic and problem-solving skills

REFERENCE

Harold Martínez – Professional Contact · May 2025

"Yeifer is a highly proactive individual with a strong desire to learn. He has shown great technical growth, successfully tackling various challenges. His personality makes it easy for him to fit into any team and connect with others."
